

613 PSP TO HDMI CONVERTER

Model: LKV8000

Introduction: When you connect PSP to TV directly, you can only get partial display on the central area of the TV screen, while with LKV8000 PSP to HDMI Converter, you achieve full-screen display. It not only converts Component Video and Audio R/L of PSP to HDMI, but up-scales PSP output resolution 480P to HDMI 720P, and display in full screen on HDTV. If you want to play PSP at home and on big-screen and high-definition TV to gain wonderful visual enjoyment, LKV8000 is what you cannot do without.

Features:

It achieves full-screen display of PSP2000/3000 on HDTV and other HDMI displays, while normal conversion or direct connection could not. Lenkeng owns the patent of this technique.

LKV8000 PSP to HDMI Converter is with scalar function up-scales PSP standard definition resolution 480P to HDMI 720P, improving picture quality.

- HDMI output: 720P@60Hz
- Compatible with all kinds of HDMI displays
